Freda McAfee,
Editor-in-Chief

Milligan College . . . A Place To Live For Four Years

P. H. WELSHIMER MEMORIAL LIBRARY
MILLIGAN COLLEGE
MILLIGAN COLLEGE, TENN. 37682

*Somewhere
To
Live and
Learn*

77432

A
place
to
“be”

to
laugh
and
to
cry

A place to experience,

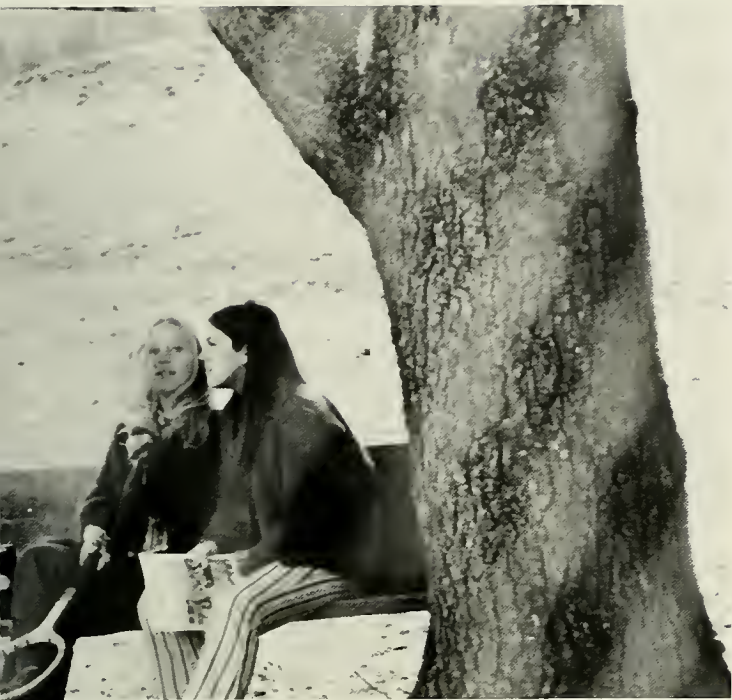

enjoy and relax,

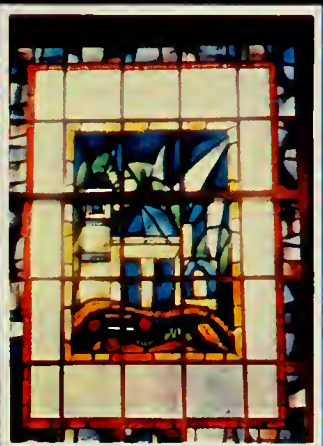

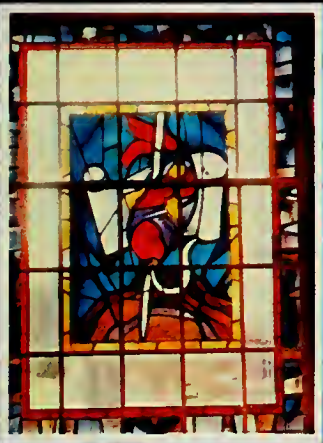

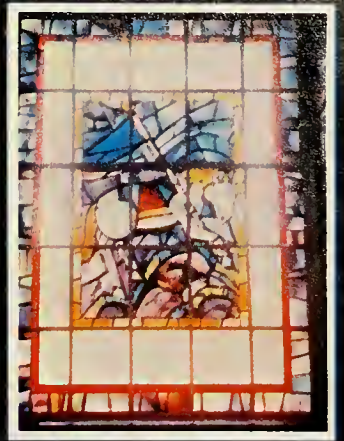

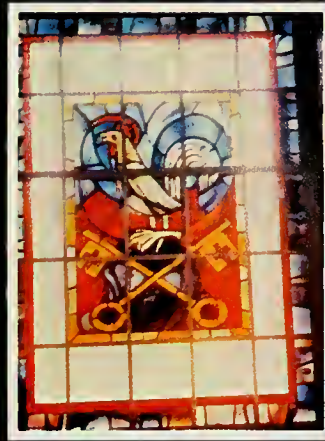

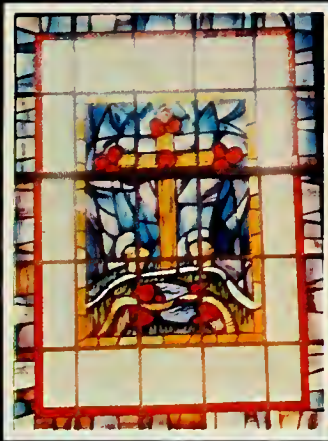

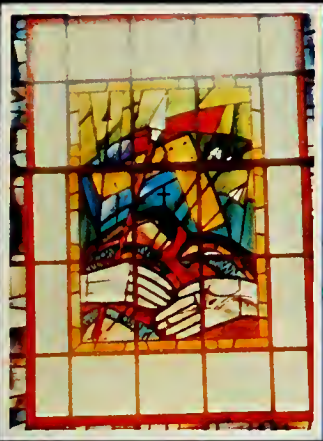

Somewhere
to
love
and
share,

A place to believe and hope

*A place
to learn,
grow*

achieve and exert,

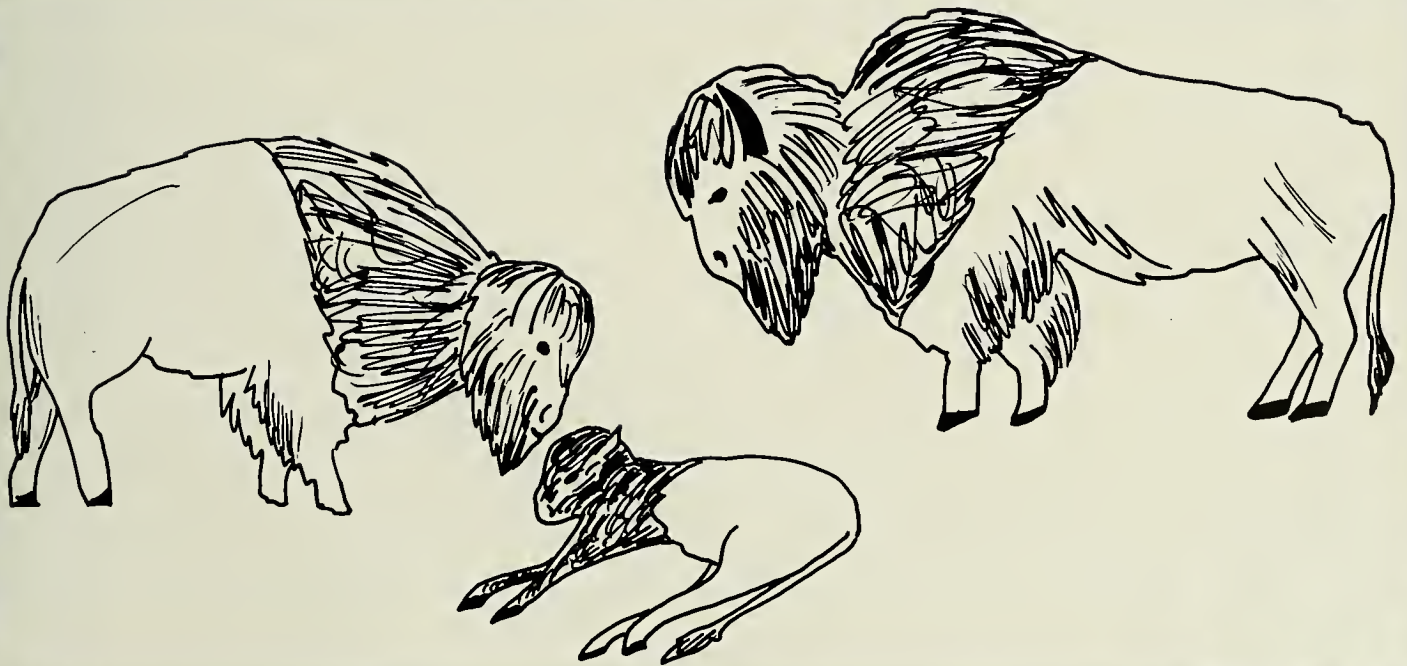

A place
where we
thank God
for the
beauty that
surrounds
us.

*L
I
F
E*

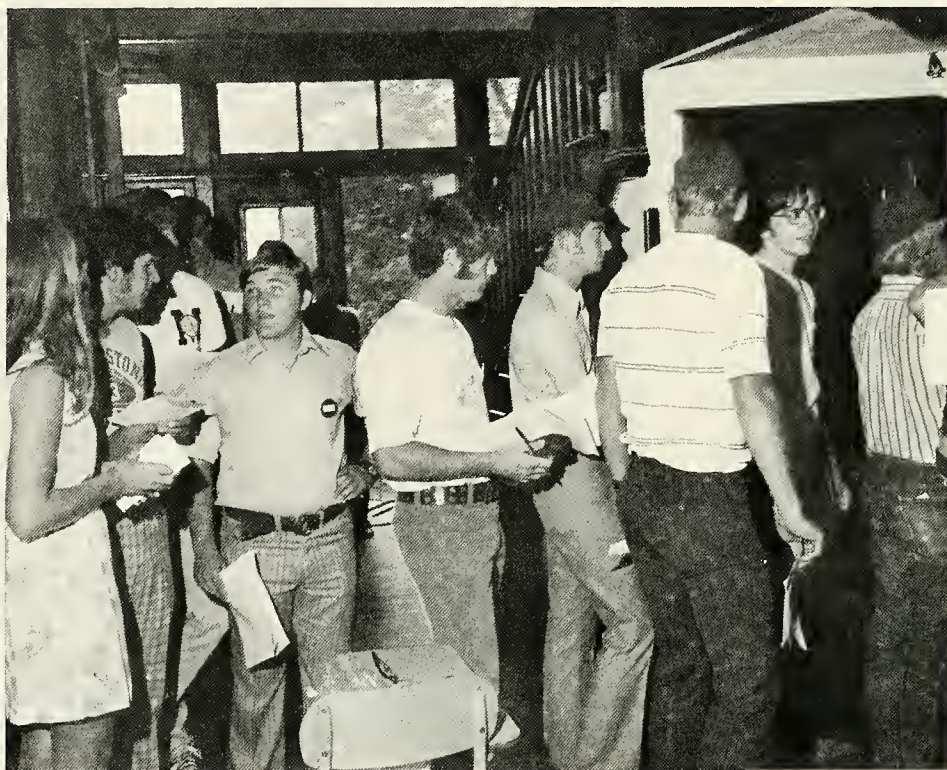

For their dedication
and collective service of 90 years
to the Milligan ideals,
but more importantly,
to the students and faculty
of Milligan College,
we of the 1972 Buffalo staff
dedicate this yearbook to:

Prof. Ivor Jones for her 30 years
Prof. Lois Hale for her 25 years
Prof. Lone Sisk for his 24 years
Prof. Allie Lou Gilbreath—6 years
Prof. Howard Hayes for his 5 years

We thank them for their great
contributions to our educations
and our lives, and hope this small
tribute can help them realize how
much we appreciate them and
their efforts.

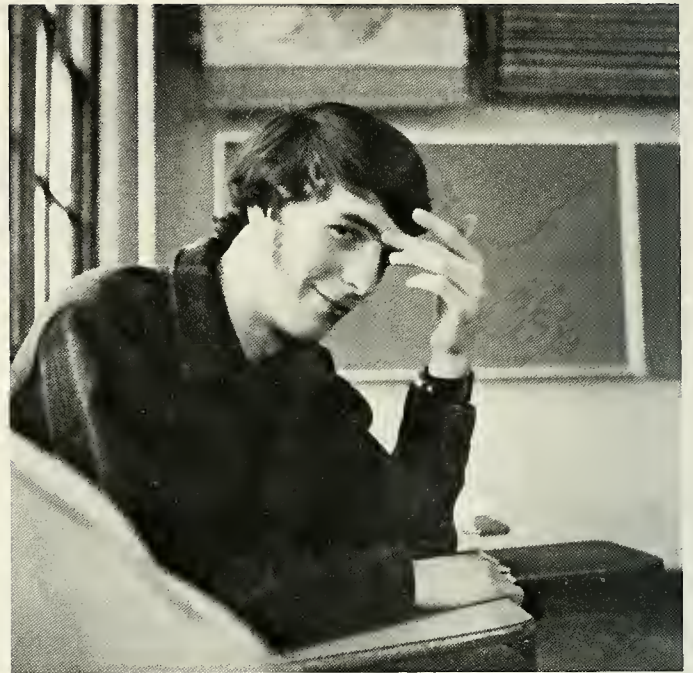

Registration and Freshman Week . . .

Please reply in 7 Times.

When your future's on the line, use your pen to better advantage than circling through the classified sections.

Get in touch with Beaunit where big things are happening in fibers and textiles. Who's making them happen. People in accounting, engineering, research and development, design, merchandising, sales — and all of the other professions needed to run a business today.

If you want to leave your mark on the world, begin by writing us. It's a lot better way than leaving your mark on the help wanted ads.

**A
TOOL
FOR
CLEANING
UP THE
ENVIRONMENT**

Electricity is one of the most versatile tools we have for cleaning up the environment. When homes, businesses, and industries switch to electricity as their source of energy, millions of chimneys and smokestacks stop pouring pollution into the air. Waste treatment and a great many other pollution control devices use great amounts of electricity. And will use more in the future.

And electricity is being used to recycle waste products, helping to conserve natural resources. It runs the equipment that changes old cars, cans, glass, and other discarded items from clutter to reusable materials.

Electricity is the cleanest of all sources of energy at its point of use. Any pollution from its production is being dealt with as rapidly as methods of control can be found. To make it an even more important factor in cleaning up our environment.

ELIZABETHTON ELECTRIC SYSTEM

"AN OLD CITY GROWING YOUNG"

The Chamber of Commerce, on behalf of all Johnson City business firms, is happy to extend its services to the students and faculty of Milligan College. We are proud you have chosen Milligan College to be your Alma Mater.
